

Reviews from Our Customers

"WE LOVE YOUR SOFTWARE! We can't imagine living without it and shudder at the memories of the bad old days before we started using it. It is flexible, user-friendly and reliable. It is quite simply the best.

In true theatrical tradition, Bruce, I have saved the best for last and that is you. I can't tell you how much we appreciate your truly excellent and ongoing support. Bruce, we couldn't have done it without you."

Pat Larmer, Production Manager, Howard Brubeck Theatre, Palomar College

"This month marks the sixth year the Comedy Palace has used your Tixsales software. I am just as pleased as I was when I first purchased the software. The Comedy Palace operates an 800-seat restaurant and entertainment complex, including a 400-seat comedy club at our Andover Massachusetts location. We also have a 500-seat restaurant and 200-seat comedy club in Worcester, Massachusetts.

Your software has allowed us to maintain our integrity by handing the artist a printed report with a floor plan and their check at the end of their performance. It has also grown with our business with ease.

The software is very dependable. When, on the few occasions we have needed support, the response was immediate and accurate. I would highly recommend it for any facility that needs a dependable ticketing system that is reasonably priced, easy to use, quick to learn and has excellent support staff. We have processed millions of dollars in ticket sales with absolutely no aggravations. I wish everything in the restaurant and club business would be so smooth."

Ronald Sava, General Manager and CEO, Comedy Palace, Inc.

*"I can in no way thank you enough for your product. Our season ticket base has grown in 10 years from 172 to 2,800. Since we purchased your program, I can actually go home at night and spend quality time with family. Any operator mistakes can be quickly corrected before an "embarrassing moment and angry patron episode." The accountability is great and our accountant loves it. **IT IS MY LIFEBLOOD AT OUR OFFICE!!!**"*

Catherine Primeaux, Director of Operations/Box Office Manager, Rivertown Repertory Theatre

"Brand new to the profession, I was grateful for a well-organized and user-friendly system upon which to learn. Our ticket office is also an outlet for two other organizations, thus providing my staff and me the opportunity to work with two different ticketing programs. These programs have left us beating our heads against our computer monitors, lamenting, "Why can't they use Wintix?!" It is simply easier, more efficient, and by far the favorite ticketing program of everyone who has worked in our ticket office."

Keri Hostetler, Ticket Office Manager, Cache Valley Center for the Arts

"When we computerized our box office, we explored a number of possibilities and were most impressed by not only your pricing, but also the great comments from your other clients. Your system was easy to install, easy for our entire staff to learn (even those without computer experience), simplifies numerous accounting procedures and, most important, your support service is superb."

Roy A. Snyder, Executive Director, Keswick Theatre
